

JOSO Training

We are very excited to announce a new role in school. Three of our Year 5 children have been involved in some training from Lincolnshire Safeguarding to gain their Junior Online Safety Officers (JOSO) award. Katy, Jet and Holly are now fully trained as our school's JOSO's. They will be working in school to ensure we are all aware of how we can keep safe online and how we can use the internet securely. They have been set different missions to carry out in school before they report back to the Lincolnshire Safeguarding Trainer during a review session in March.

Our three Junior Online Safety Officers enjoying their first training session.
